

5.3 PLAN MANAGEMENT: PREMIUM PACKAGE

At NXT Level Support, we promise to provide the highest quality of care, regardless of which support package is selected. However, we recognise the complexities of navigating NDIS funding and plan management. It is for this reason that the Premium Package has been established: to provide you with assistance in this process to ensure that your goals can be achieved.

Those who opt for the premium package are given the opportunity to access ongoing assistance from a dedicated team at NXT Level Support on a monthly basis, or whenever you need such support. To facilitate this, you are given a direct line where you can reach a team members who can offer you assistance with the following:

- Guidance and advice for effective plan utilisation
- NDIS engagement with plan variations and reassessments
- Risk, compliance and service provider management
- Advice on service agreements
- Collaboration between Support Coordinators and other supports to ensure equitable access to the tools and knowledge needed for our clients to fulfill their goals and lead the life of their choosing.
